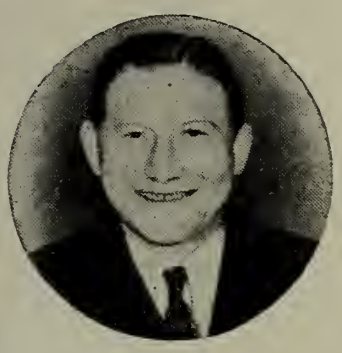
"The Coin Machines Merry-Go-Round"

By Bill Gersh



AMERICA'S BIGGEST HEARTS

The biggest hearts in America, believe me, belong to the members of the coin machines industry. The first, rousing response to the pledge that was reproduced here this past week for the first time proved whose hearts are among the biggest in all this grand country. Especially when it comes to supporting the fighting forces of these United States. The coinmen came in like real soldiers. Each and everyone offered even more than was asked of him.

In fact, many offered cash in addition to the machines they pledged. We know that this will be tremendously welcomed by Army & Navy Relief. Many even went to the extent of advising us that they were getting out in the trade and seeing to it that every single sonofagun that had anything at all to do with a coin operated machine came thru with his pledge like a soldier. They are doing for this country, and especially for the boys out there on the fighting fronts, the very thing that will boost this industry over the top with all the nation.

There is no doubt anymore that this grand and great sportsmanlike coin operated machines industry is the industry that can be counted upon everytime by the Government of the United States for the ultimate in support of every venture wherein the equipment of this industry can aid the war effort. The Second Wartime Conference opened the path. Now the men have taken it upon themselves to keep this path open. And to open it even wider they are going all out - away out of their way. Believe me, it is so heartwarming, it is just simply beyond explanation.

Somehow I feel that everyone of you men are actually on the firing line and are hitting with all you have. I can actually see you helping those kids from your home town over the top and encouraging them to keep right on going. I just can't see how those Nazi and Jap rats can win with men like you back of the boys in blue and Khaki out there fighting the great battle.

There is no doubt in my mind that we are going away over the top in this drive to donate machines to the armed forces of our nation. There is also no doubt in my mind that when we are finished with this campaign that you are going even further to prove that you most definitely do have "America's Biggest Heart" and are going to give up from 1 day to 1 week of your collections to Army & Navy Relief. And make people like our President and Secretary of War Stimson and Secretary of the Navy Knox and all this nation's folks step right up and shake your hand and pat you on the back and tell you what a great and grand bunch of men you really are.

You have not only grasped the most golden opportunity that has ever as yet been presented to this coin operated machines industry but you have flung it aloft like a banner to all the nation to show them that this business, which they declared to be "non-essential", was the business that came forward at the most crucial period in history and, by golly, gave and gave and gave - until away past the hurting stage. Believe me, you are the kind of guys people call "right".

RECOGNITION

There are people in this industry that seem only capable of criticism. Criticism that is entirely unjust because it is not constructive. These are the sort of people that instead of helping by offering good suggestions or pointing the right way, hinder instead of help the growth of this industry. The Cash Box actually enjoys taking a verbal lashing from such people. It realizes that when such tongues are lashing out at it - like snakes - that it is growing mighty, mighty fast, and doing things that completely mollify and nonplus these others, who can only wag sharp tongues - but not do things, like offer good ideas and intelligent suggestions and logical plans to help further the growth and development and future of an industry that is gradually coming out of its swaddling clothes. An industry that is beginning to look up - to the air age, when all this world will be traveling at a new and speedier and different pace.

"The Coin Machines Merry-Go-Round"

Now, more than ever, do we need recognition as an industry. Therefore, we believe, that this is the time to cast aside all other matters which would occupy our attention and go all out in those factors which will do this industry the greatest amount of good, at this time. And, among these is the pledge that was reproduced for the first time in this past week's issue of The Cash Box. The pledge that swept thruout this industry like a new sort of crusading banner to lift the spirits and the morale of the men engaged in this business to newer and greater heights. And help them to what we all believe is something we have all worked for - the kind of recognition that means our continued good welfare from now on for many years to come.

I feel, while writing this to you, that somehow you agree with me. That you know we, here at The Cash Box, have given our all and will continue to do so to help benefit every single person engaged in this coin operated machines industry. Every dime we take in we feel is another dime that we can spend to help the men in this business, Every pat on the back we receive is only further encouragement for us to go ahead.

When we opened our Second Wartime Conference there were many black brows in Chicago because some of these people believed we were "blowing the works". They slept fitfully and awoke each morning fearfully and glanced hurriedly at the headlines in their daily papers. And, by golly, not once did they read even one derogatory word about any kind of a coin machines meeting going on in the great city of Chicago. Of course they were surprised. They were surprised because their predictions didn't come true - as expected. So they began, gradually, to come around and say "hello" to those who had gathered from all over the nation. And pretty soon they fell right into the spirit of the conference. Now they have one and one half million reasons why the publicity which they expected to bloody the pages of their daily papers did not become fact.

We have just been told they are now attempting to somehow blacken this drive to give our boys - the kids that are fighting this great and bloody battle - that are giving their youth and their lives, and their futures, too, to protect you and me and keep those scoffers warm in their comfortable homes, and get them what they want, and the profits they seek, and the future they expect. Because we are driving hard to get this industry the kind of recognition it always should have had, the kind of praise and respect and prestige and commendation that it deserves for the work that it has done and is doing to help and help and help - to win this war so much faster, we must endure these scoffers.

These sooffers will always be with us. It is so much easier to be a scoffer than a booster. That has been the fact from time immemorial. That is the sort of thing that has made some people feel mighty proud of themselves - when the other guy falls down - and they can then laugh at him - regardless of how much he gave or how hard he worked. This is the time for all of us to slap down this sort of thing in our industry and go all out. Go out to the extent where we tell these kind of people off - the way that they should have been told off long ago. Tell them how much we want our sons and daughters and our wives and our friends to respect us and not have to hide the fact that we are in what is known as the "coin operated machines business". Not to be called "slot machine racketeers" because, God knows, we just aren't any such thing.

But, as you all know, it is this kind of scoffer - the kind of man who says he "knows it all" and tells you in advance what he "thinks" he knows - who drags us down and even knocks down our opportunities. By golly, let's get tough with some of these guys. Let's go all out and win the kind of recognition that we have always needed to give us that additional boost to take this industry out of the minds of the people as anything but another great American, and truly American industry, that is working for the general betterment of all concerned with this grandest nation in all of the world's history.

Let us, then, like the Americans that we are, prove that the pioneer spirit of our forefathers is still in us and that we feel that our greatest and grandest and finest times lie ahead of us, and not behind us. And if this sort of scoffer must remain a member of our industry let's push him down to the very slimy depths where he belongs - openly and publicly. So that we can, all of us, go ahead - the way that we want to - with our heads up - and pride in ourselves - because we are members of an industry that has done, is doing, and will continue to do, good for all this nation - everytime - anytime.

PAT-ON-THE-BACK DEP'T

"With some spare time on my hands will tell you how much I enjoyed the meeting at Chicago. I certainly enjoyed meeting old friends again, listening to the various talks by outside speakers, and also those connected with this business. It looks like a hard job to get the manufacturers, distributors and operators together and have them agree on definite plans. But the man who never tried, never succeeded at anything. I sure enjoyed it all and appreciate your effort in our behalf.", Marvin McLarty, McLarty Music Co., Lubbock, Tex.

"Just a note of congratulation and appreciation on your Wartime Special issue of November 23rd, especially on the articles contained therein. Your 'Merry-Go-Round' article was especially appropriate at this time. The part on equitable taxation was very inter-

"The Coin Machines Merry-Go-Round"

esting. This concern has run into triple Federal payments on some machines on locations, and it is our opinion that the whole set-up is rather arbitrary and unjust and should be remedied. Got quite a kick out of 'this thing called a coin machine', as we duplicate the statements made therein here daily. The article on 'Quiet' also hit the spot. With best personal wishes and we hope for your continued success." Lance J. Morton, A. Benetti Novelty Company, Inc., Reno, Nevada.

"The writer arrived back home safe and sound from Chicago and can only say it was certainly a pleasure to meet with so many members of the industry and so many old friends. Your efforts in making this conference a success and in getting all the boys together again just goes to show the power and prestige which The Cash Box has won." Henry C. Lemke, Lemke Coin Machine Co., Detroit, Mich.

"SURVIVAL OF THE FITTEST"

For many years "survival of the fittest" seems to have been the creed of many engaged in this industry. Today, a reversal of such thought must become fact to help build and maintain a strong nucleus of those now engaged in this industry so that these may become the backbone for the growth of this business - tomorrow. "Survival of the fittest" does, of course, have its merits when there is a free flow of trade and competition removes those who cannot cope with the diligence and the intelligence of others.

At this time, tho, we feel that those who remain in this industry, as 1944 now rapidly approaches, can be counted upon, all other things being equal, to remain in this business for the duration. These will therefore be the men upon whom this industry will again build to its former and even greater size. It is therefore extremely necessary that the few thousand or so men who are now engaged in this industry learn to temporize. And by so doing learn to agree with each other in the matter of their future welfare for their own salvation and greater growth.

Whether it is necessary at this time to create an organization for such cooperation is up to you men engaged in this industry. Whether, better still, you admit to yourself the need for cooperation with each other and thereby assure yourself continuance in this business on a profitable basis, and work this out by fair and ethical dealings between yourselves is also something else again for the consideration of all engaged in the coin operated machines industry at this time. We personally believe that this latter fact must precede the former to assure the welfare of all those engaged in this industry.

GIVING UP

It seems that some feel we have asked too much when we asked those who are actually leading the destinies of this industry, whether they realize it or not, to give up a week or part of a week's collections to Army and Navy Relief. Perhaps we have. If you feel that a week's collections is too much for you to give - then give one day or two days or three days or whatever you feel you can afford. But give.

Remember, that when you do give up some of your collections (the greater part of which you can write off your tax bill anyway) that you are not just throwing your money to the winds. You are only doing something that has already been done by a great many other industries thruout the nation. You can win the praise, respect and commendation of your community as well as gain greater prestige in the eyes of your neighbors for yourself and all your industry.

It isn't the hardest nor the most expensive thing in the world to have some stickers printed. Paste these on your wall and bar boxes and games. Have posters made and tack these onto your machines. Run a few ads in your local newspapers and thereby advise all the people in your city that you are donating the proceeds from your machines for a day or two days or a week or whatever you desire to Army and Navy relief. (Just see what that gets you.)

This is the opportunity you have long sought. This is what will win for you the commendation and respect from your community that you have always wanted. And which you most definitely need to assure yourself continuance in your community as a respected business. This is but one of those things that comes along once in a lifetime and which helps you to help yourself over any shaky bumps which may be in the offing for you.

By winning the respect of the people in your community you also gain the prestige that is necessary for your future welfare in that community. If the average retailer can give up part of his revenue to Army and Navy relief and other causes you, too, as a good business man should be able to see your way clear to such action for your own betterment in your community where you are now operating and hope to continue to do business for many, many years to come.

Who's Afraid of Hirohito?

"My big brother's out there in the Pacific—and he and his buddies are plenty tough. So who's afraid of Hirohito?"

Safe in America, far from the fury of war, a schoolboy's faith in America's might is boundless. His fighting brother is probably not so cocky. Fighting men know that their fate depends, not on their courage alone, but on the strength which they must receive from the folks at home—*safe in America, far from the fury of war.*

Buy War Bonds. Buy the Bonds you owe your family as a nest-egg. Then dig down again and buy Bonds until you feel you can face the fighters who are now returning, sick and broken, from the far frontiers of American freedom.

NOTICE

MARCH, 1942, MARKET PRICES APPEARED IN THE SEPTEMBER 7, 1943 ISSUE.

PRICES LISTED ARE CURRENT WEEK'S MARKET PRICES.

IMPORTANT

The Confidential Price Lists are to be read as follows: First price listed is lowest price for the week; Second price listed is highest price for the week; Where only one price appears this should be considered lowest price.

Many times, wide differences appear in the high and low prices of certain equipment. Like any true reporter The Confidential Price Lists can only feature the market prices as they are quoted. The Confidential Price Lists act exactly the same as the market quotation board at the Stock Exchange—posting the prices exactly as they are quoted for each week, regardless of how much they may seem to be out of line. Some machine prices do not change for months. The Confidential Price Lists, rather than show no price for the week, retain the last known quotations for such equipment so that the subscriber at least has the last known quoted prices as a basis to work with. Prices continue to be very widely divergent these days. Someone on the West Coast may feel a certain machine worth $150.00 whereas someone on the East Coast may think it worth but $75.00. Of course, condition, serial, appearance, demand, territory, quantity, etc., must all be taken into consideration. The Confidential Price Lists report each quotation exactly as it is made and depend on the subscriber to make average price adjustment to fit the peculiarities of his own territory.

CODE

CHECK THIS CODE CAREFULLY. BECOME ACQUAINTED WITH EACH ONE OF THE CODE NUMBERS AND WHAT THEY SIGNIFY. THESE CODE NUMBERS APPEAR IN FRONT OF THE NAME OF EACH MACHINE.

6—Means no prices quoted for this machine for past two weeks.
7—Means no prices quoted for this machine for past three weeks.
8—Means no prices quoted for this machine for past four weeks or longer.

Just a Minute!

WHAT the hell is a minute? It goes away—poof—just like that. Let's have another drink—and forget it. But, have you stood by, with nothing to do, for minute after minute, 60 minutes to the hour, 24 hours to the day, thousands of miles away from home, seemingly millions of miles away from the ones you love? And—have you heard the scream of shells—the screech of a wounded man—the smash of a grenade a few feet from you? Or the rending, blinding, shocking, stupefying tear of a bullet thru you—all in the space of a minute? If you haven't—what's a minute to you—to read me out?

A lot of kids—have lived their whole lives thru—in that little, tiny, speedy minute. They've come back, too, some of them. Back to quiet, big hospitals. Ashamed and afraid to go home. Afraid to see that look on your face when they meet you on Main Street once again. That look of pity. And then — forgetfulness. But, those kids can't ever forget — that minute. The minute that changed them from happy, healthy, wholesome, gay and carefree kids—to sadly wise —and broken—men.

Sure, what the hell's a minute? A minute, friends, is the lifetime of some of those kids—away out there on some dreary, muddy, bloody battlefield. Yet—that's all it is—just a minute. And—that's all it will take you—just a minute—to sign that pledge to make these kids—whose minutes are fast ebbing away —happy—for just a minute. Don't you think that's worth what you'll donate? Please, then, do sign that pledge.
